Admit it, life is busy. We want to teach our kids core foundational values (honesty, responsibility, respect, etc...), but when can we do it? It seems every week we are constantly juggling our schedules with homework, sports, tv, school events, community events, etc... It's tough to find time for the whole family to be together, let alone teach these lessons. KidJam is the place where the whole family can hear about these values in a fun and crazy way!
